***Response to Arguments***

Applicant's arguments, see supplemental brief, page 9 filed 6/14/2004, with respect to the claims have been fully considered and are persuasive. The rejection has been withdrawn.

***Allowable Subject Matter***

Claims 1-4, 8-11, 14-22, 24-25, 28 and 30-33 are allowed.

The following is an examiner's statement of reasons for allowance:

The subject matter of the claimed invention is related to a system for disambiguating a keyboard input using a corresponding voice input. The claims are allowed, because the prior arts of record fail to teach where a single key input representing a plurality of characters is keyed in by the user and disambiguated with a following single character voice input as recited in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel D. Abebe whose telephone number is 571-272-7615. The examiner can normally be reached on monday-friday.
